Iris Introductions

Angel Curls \$25.00

#5362—(Azure Skies X Cahokia)X
Cahokia.

In contrast to many of the modern tailored blues, Angel Curls has a pleasant ruffling which gives it a personality all of its own. It is a medium light blue color, very clean and bright. Substance is heavy, standards are strong and closed and falls are very wide and flaring. Branching is excellent. Ht. 32". As a seedling, it has attracted tremendous attention. Stock limited. H. C. 1956.

Felicia \$15.00

#5243—(Harriet Thoreaux X Hall 4539) X
Hall 4913.

This is a sister of Yesteryear, Dahlia mauve in color with a whitish splash at the haft and a tangerine beard. Falls are semi-flaring and very wide. Standards are cone shaped and never open up. Branching is good. The flower is ruffled and also has a fine lacy edging. Ht. 32-34".

Fiestaway \$15.00

#5352—((Harriet Thoreau X Hall 4539)
X Hall 4913) X Sister Seedling

Not gaudy or loud, but a symphony of smoothly blended rose and gold, Fiestaway has tremendous garden value. Its domed standards are slightly lighter than its semi-flaring falls. Branching is good, substance is excellent and the whole flower has a fine lace edging. Ht. 32". A clump reflecting early morning or late afternoon sun is breath-taking.

Just Music \$20.00

#54119—((Hall 4539 X Dream Girl) X
(Harriet Thoreau X Hall 4539)) X
Chantilly X 4913.

"Just Music" describes perfectly the deep, clear pink of this flower. It has very excellently placed, though close, branching and the sequence of blooms is such that there is never any bunching of flowers. It is a self with strong, swirling standards, semi-flaring falls, clean hafts, tangerine beard and finely crimped, ruffled edges. Ht. 34".

Lavendula

\$25.00

#54113—Yesteryear X Sister seedling.

Lavendula's form is almost identical to Yesteryear's except for even more flaring falls, which are fluted and then edged with lace. The very wide falls are a moderately deep lilac lavender; the standards are a lighter shade of the same color; and the beard is bright yellow. Hafts are clean. Branching is excellent and wide. Lavendula is outstanding in every respect. Ht. 36-38". Stock is limited. Only one to a customer please.

Magic Mood

\$20.00

#5358—(Bright Song X New Horizon)
X Sister seedling to Yesteryear.

This is a large, ruffled and lacy medium orange self with a slightly deeper orange beard. Falls are wide and semi-flaring. Standards swirl in a conical shape. Branching is wide and excellently spaced and it carries 10 or 11 flowers to the stalk. Ht. 36-38". H. C. 1956.

X Hall 4913.

Yesteryear is a novel, champagne colored blend with flaring, ruffled and lacy falls. Standards are domed and never come open. The beard is an inconspicuous tannish color. Substance and branching are very good. It is producing very good seedlings, transmitting its form, substance and laciness to the color of the pollen parent. It sets seed easily but rarely has pollen.
